Splicacion

Cu “kibracabes” dos alumno por practica y automatiza hunto.

Cada alumno ta sinta na un banda di mesa. Un tin e blachi di tarea su dilanti y e otro e blachi di contesta.

E prome alumno ta lesa un tarea y ta duna e contesta tambe.

E otro alumno ta controla y ta indica si e contesta ta corecto of fout. Asina nan ta sigui cu henter e blachi.

Palabracion

Cada duo ta haci e siguiente palabracionnan:

- Ta lesa e tarea completo prome y despues ta duna contesta.
- Ta wak e number di tarea y e indicacion (a,b,c,d) pa controla unda a keda.
- Con ta indica cu un contesta ta corecto of fout y na cua momento ta lesa e contesta corecto.
- Con ta yuda e otro alumno pa yega na e contesta corecto.

Preparacion

Introduccion di “kibracabes” ta rekeri cierto preparacion. E maestro por haci esaki na un manera ludico cu (un parti di) e grupo.

Ta parti e weganan den klas, un pa cada duo.

Dilanti klas maestro y un alumno ta demostra con ta hunga e wega.

E maestro ta haci un tarea y e alumno ta bisa si e contesta ta corecto of fout.

Despues di algun turno e maestro ta puntra e klas con e alumno por sa si e contesta ta corecto of fout.

E maestro ta laga e alumnonan mes wak e dos blachinan y e ta laga nan describi loke nan a wak. Despues e alumnonan ta sigui practica den duo.

Sugerencia pa maestro

- Den klas 1 lo mester dedica mas tempo pa siña e alumnonan con ta hunga e wega.
- Por traha un skema cu particion di e klas den duo. Por tene cuenta cu e diferencia di nivel entre e alumnonan pa asina scoge e forma di wega adecua.

Diferente forma di e wega

Cu “kibracabes” por practica na diferente manera.

Pa e wega cana bon, e diferencia di nivel entre e alumnonan no por ta mucho grandi.

- Un alumno ta lesa y contesta tarea te ora cu e haci un fout.
- Despues e otro alumno ta sigui cu e mesun blachi di tarea.
- Uza un stopwatch.
Den cuanto tempo ta caba cu un blachi?
Haci e mesun blachi un biaha mas.
El a bay mas lihe awor?

- Scoge di antemano e blachi di tarea cu ta cuadra cu e nivel di e alumno(nan) concerni.
- Percura pa tur alumno sa unda e material di “kibracabes” ta warda den klas.
- Palabra ki ora mag di practica cu “kibracabes” independientemente.
P.e. ora cu a keda cla cu e tarea di “den un rato”.
- Por laga un alumno traha cu “kibracabes” su so. E alumno por skirbi e contestanan den un schrift of riba un blachi pa despues e mes controla nan.
- Practica bou di guia.
Por laga un alumno cu ta sobresali of un alumno di klas mas halto asisti un alumno menos habil.
- Uzo di “kibracabes” ta pa practica e habilidadnan basico.
Si ta necesario por laga un alumno practica diferente biaha cu e mesun blachi.
Tambe por laga un alumno practica cu un tarea for di un blok anterior of hasta for di un tomo anterior.
Aki aya por uza un blachi di tarea como test.
