The storefront window display for Discovery Travel N.V. is designed to attract travelers. At the top, four circular icons represent different travel services: a car, an airplane, a ship, and a suitcase. The main window is divided into several sections. The top section features a large image of a commercial airplane in flight, with the text "Make your dreams come true... with Discovery Travel...!" written across it in a cursive font. Below this, a horizontal strip shows various travel destinations, including a domed building, the Las Vegas sign, and the Eiffel Tower. The bottom section is dominated by a large image of an MSC cruise ship sailing on the ocean. The Discovery Travel N.V. logo and business hours are prominently displayed in the center of the window.
